

## Supporting Students Using the Coalition Application with Naviance

---

First, students select their method of application (or where counselors should send materials). Counselors can adjust this field on their end as well.

The three options are:

1. Via Common App
2. Directly to Institution
3. I'm not sure yet

The screenshot shows the Naviance interface for a student profile at Davidson College. The 'Student Applying' field is highlighted with a red arrow, indicating the selection of 'via Common App'. The interface includes a navigation bar with 'NAVIANCE' and menu items like 'Students', 'Planner', 'Scholarships', 'Colleges', 'Careers', 'Connections', and 'Analytics'. The main content area displays various fields for the student's application, including 'App Plan' (Regular Decision), 'College Deadline' (01/07/2019), 'Office Status' (Pending), and 'Student Status' (Pending). The 'Student Applying' field has three radio button options: 'via Common App' (selected), 'directly to the institution', and 'I'm not sure yet'. Other fields include 'Result' (Unknown), 'Student interest' (N/A), and 'Flags' (Applying to special program, Legacy, Scholarship Awarded).

If a student selects “via Common App” materials go directly to the Common App and are paired with the student’s application. If the student selects “directly to the institution” materials go directly to the college or university (this option works for students using an institutional application or the Coalition Application). This option also “works” if the student ends up applying via the Common App, but, colleges (not the Common App) connect materials with the application. If the student selects “I’m not sure yet” then the application materials will be sent to the student’s Common App by default.
